

AGED COPPER
SINGLE SINK
US PRODUCT SPECIFICATION

deVOL

ALL UNITS IN INCHES UNLESS STATED OTHERWISE

deVOL Aged Copper Single Sink - Undermount

- Individually aged by hand using natural substances, so each sink is completely unique.
- Our living finish will continue to age over time and will change according to what it comes into contact with.
- Only use soapy water and a soft sponge or cloth for cleaning. Abrasive pads and cleaners will remove the natural patina tarnish.
- The finish will repair naturally over time if removed accidentally.
- If the surface becomes dull, bring back to life by rubbing in baby oil.
- Copper has natural antimicrobial properties and is therefore ideal for use in the kitchen.
- Please note, this sink does not feature an overflow hole. Basket waste strainers are supplied separately.
