

MARBLE SINKS

US PRODUCT SPECIFICATION

deVOL Italian Marble Sinks - 31 1/2" Double Tuscan Farmhouse

- Our exclusive marble sinks are made to order in Carrara, Italy. Each sink is machined from a single block of fine Italian marble and is hand-finished for a soft honed surface.
- Marble sinks are not for those who want immaculate surfaces forever; they can mark and age quickly, but once over the initial settling in, these sinks are full of authentic character.
- Available in either Carrara or Arabescato Corchia marble and with a plain or fluted front face.
- Compatible with many disposal systems, please get in contact before ordering for confirmation.
- These sinks are pre-sealed and are simple to re-seal.
- Never clean with bleach or harsh chemical cleaners; use mild soapy water or a cleaner specifically intended for stone surfaces. Do not use abrasive pads or scourers, use a soft colourfast cloth to avoid scratching the stone.
- These sinks are also available in bespoke sizes.

ALL UNITS IN INCHES UNLESS STATED OTHERWISE
